Important December Events

VEX EDR Tournament

Early morning on December 8th, the RoboVikes set up for our 12th annual VEX EDR Tournament hosted at Vanden High School. They ran the entire event - managing the tournament, emceeing, queueing, and inspecting the 54 high school VEX teams who came to compete. Thank you to all the parents, teachers, and alumni who volunteered to help our tournament run smoothly.

VEX IQ Tournament

Throughout the past few months, RoboVikes have mentored 28 VEX IQ teams at the five elementary schools in our district. All of the elementary school students' hard work was wrapped up in this competition. At the competition, the RoboVikes mentors stayed with their teams while the other RoboVikes team members managed the tournament, emceed, and reset the fields. Thank you to all of our volunteers, including students, parents, teachers, and alumni!
